To ensure that we include patients in all relevant Health Care Programmes you will be asked to have a 20 minute registration appointment with a clinician. Please tick to confirm you are happy to attend a new patient check consultation

If you are asked, or wish to attend a registration appointment this must be completed within 2 months.

GP Practices are now asked as part of the contract changes for 2015-2016 to provide all our patients with a named GP who will have overall responsibility for the care and support that our surgery provides to them. As one of our patients, you have been allocated a named GP who will have overall responsibility for the care and support our surgery provides to you and will work with other healthcare professionals who are also involved in your care, to ensure that it meets your individual needs. This does not prevent you from seeing any other clinician in the practice.
